1.0 INTRODUCTION

These Policies and Procedures have been developed by the Board of the Entrepreneurs' Organization (EO) to assist an authorized chapter and Members in interpreting and applying the Code of Conduct, Bylaws and guiding principles of the Organization.

1.1 IMPLEMENTATION

The Policies and Procedures are implemented with approval of the Board.

1.2 MODIFICATION OR AMENDMENT

The Policies and Procedures shall be subject to modification or amendment, without notice, by the Board. Any Member who wishes to sponsor a modification or amendment shall submit a written proposal to EO for consideration by the Board.

1.3 DEFINITIONS

The Policies and Procedures contain terms whose definitions constitute a part of the statement of Policies and Procedures.

1.4 COMMENTS

Pertinent observations, notes and examples to assist in interpreting and applying these Policies and Procedures are set forth in the text as applicable. These comments are observations of the history, rationale and application of the Policies and Procedures, and do not constitute a part of the statement of Policies and Procedures themselves.

1.5 APPLICATION

These Policies and Procedures are subject to the discretion, interpretation and application by the Board for any general or specific circumstance that arises in the course of the governance of EO, its Chapters and Members.

1.6 DEFINED TERMS

All defined terms are referenced in the context of United States corporate and business laws, and the intent is to apply similar underlying concepts to other countries' forms of business organization.

2.0 MEMBERSHIP

2.1 MEMBERSHIP POLICY

EO is a global community that enriches Members' lives through dynamic peer-to-peer learning and once-in-a-lifetime experiences and connections to experts. These policies govern in the event of conflict or ambiguity with the Chapter policies. EO seeks Members who have enough in common so that each Member can consider himself or herself to be among peers, with enough diversity to contribute different experiences and perspectives, so as to enhance the opportunities for each individual to develop greater wisdom in business and personal matters. EO only has one class of Members. Such Members shall satisfy, on an annual basis, each of the following membership criteria-- status and qualifying business (as defined below). Membership of EO and the rights, benefits and privileges of membership are personal to each Member and shall be non-transferable except as described in Section 2.4 and subsequent sections, below.

2.1.1 Purpose: One of the purposes of the Policies and Procedures is to provide clear guidelines for reviewing membership applications and accepting Members who will contribute to EO achieving its stated vision, mission and values. Membership is evaluated on the basis of an applicant's entrepreneurial experience and outlook, role and decision-making power with respect to the strategic direction of the Qualifying Business.

2.1.2 Eligibility: The conditions of membership eligibility in the Organization shall be:

- a) Status: Each Member must hold one of the following positions in a Qualifying Business:
 - i. The Founder or Co-founder; or
 - ii. The Owner; or
 - iii. The Controlling Shareholder
- b) Qualifying Business: Except for venture-backed companies and non-profit organizations (definition below), the applicant's qualifying business shall have annual gross revenues, or annual commission billing equal to or above such minimum levels as may be set from time to time by the Board (currently US\$1,000,000).
 - i. Profit: The Qualifying Business shall be a "for-profit" Organization.
 - ii. Venture-backed company: For a venture-backed company to fall within the definition of Qualifying Business, the company shall have privately raised funds of at least US\$2,000,000 or publicly raised funds of at least US\$5,000,000, and a minimum of 10 full-time employees. Members with venture-backed companies are exempt from meeting the other Qualifying Business criteria in subsection b), above, for a period of three (3) years. However, by the end of the third year of membership, the venture-backed company's gross revenues or annual commission billing shall meet the Qualifying Business criterion.
 - iii. Non-Profit: The Qualifying Business shall be a "Non-Profit" Organization.
 - a. Non-Profit entrepreneurs must be the founder, co-founder, owner or controlling shareholder of an organization with an annual operating budget of more than US\$1,000,000 and at least 10 full-time employees.

- b. Funding sources may include membership dues, the sale of goods and services, philanthropic foundations, grants from local, state and federal agencies, and private donations.
 - c. All Non-Profit prospects shall comply with the application process required by a for-profit prospect.
 - d. Prior to processing the Non-Profit membership application, the chapter shall provide written notice via email of the Non-Profit entrepreneur's application for membership. Written notice shall be provided to the Chapter Manager and EO's Global Membership Director.
 - e. The Chapter Manager and EO's Global Membership Director shall track and evaluate the Non-Profit entrepreneur's application for membership.
- c) Members who have Sold Businesses: Members who have been a fully qualified EO member in good standing (not under grace period) for two (2) full calendar years and have had a "successful exit" can remain members for five (5) more years. A successful exit is defined as US\$8 million.
- a. If, within that time, they have started a new business they are allowed to stay on after the five (5) years are over. The new business is not required to meet a minimum revenue qualification.
 - b. In addition, Members who have sold their businesses for less than US\$8 million may remain in EO at their Chapter Board's discretion under the following conditions:
 - Three-quarter chapter board vote;
 - Annual review by the Chapter Board of whether to retain the Member; and
 - Subject to Global Board approval.

2.1.3 Currency Considerations:

- a) Exchange rates: When a Member first joins EO, the applicant's business must have the equivalent of US\$1,000,000 in annual gross revenues or annual billing commissions (venture-backed companies would need original amounts as outlined herein). For prospective Members who conduct business in one or more currencies other than US dollars, the current exchange rates should be used to determine the US dollar equivalent sales or other financial calculations.
- b) Devaluation: Prospective Members of EO residing in countries which have had substantial devaluation of their national currency during the year preceding the date of the prospective Member's application may, for purposes of meeting quantitative requirements for membership, use the exchange rate on a date up to five years prior to the date of the application for membership. Substantial devaluation is interpreted to mean a devaluation of 25% or more of the value of the currency with respect to the U.S. dollar.
- c) Renewal: At the time of annual membership renewal, Members conducting business

in currencies other than the U.S. dollar shall determine the U.S. dollar equivalent for the purpose of maintaining financial requirements. Renewing Members may use either the exchange rate at the time they joined EO or the current exchange rate in determining compliance with current financial membership requirements.

- 2.1.4 Compliance with Dues and Fees Policy: All Members shall comply with the Dues and Fees Policy set by the Organization to become or remain as Members in Good Standing. Only Members in Good Standing may be eligible for membership in the Organization.
- 2.1.5 Application: Applications for membership must be submitted to and approved by the authorized chapter, which shall satisfy itself that the applicant meets the Membership criteria established by EO. Regional Chapters, as defined in Section 10, may establish eligibility requirements and criteria for membership in such Regional Chapter in addition to the standard EO Membership requirements, but not instead of the standard EO membership requirements. Regional Chapters are subject to all of the same rules and requirements as all other chapters. The Senior Vice President of Global Membership shall have the right to review each application, and may submit any application for approval or rejection by the EO Board. The Board shall have the power to reject any application or expel a member (subject to the Bylaws) and refund pro-rated dues and fees upon learning of a failure to meet any membership criteria at the time of application, which criteria has not been expressly waived by the Board. Membership in EO is by invitation only.
- 2.1.6 Members At-Large: Any individual Member who is not a Member of a specific Chapter (such as in the situation where no Chapter exists in a particular city and the member is not eligible for membership in the applicable Regional Chapter, as defined in Section 10, if such Regional Chapter exists) shall be Members At-Large in accordance with policies established by the Board. An individual Member may only be a Member At-Large if he resides, or has a primary place of business, more than one hundred (100) miles from any city in which a Chapter is based and is ineligible for membership in the applicable Regional Chapter, if such Regional Chapter exists. All current Members At-Large must apply for membership in the applicable Regional Chapter as soon as such Regional Chapter is formed and/or as soon as the Member At-Large becomes eligible for membership in the applicable Regional Chapter.
- 2.1.7 Waiver: The Board shall have the power to waive any or all the membership criteria from time-to-time for limited periods of time for the purpose of advancing the objectives of EO.
- 2.1.8 Renewal: EO manages the EO renewal campaign through EOnetwork.org with EO collecting and processing the renewal dues. The authorized chapter sends its renewal fees directly to its Finance Chair on a bi-monthly basis during the campaign. If a Chapter does not collect its local dues in U.S. dollars then the Chapter must notify EO of this fact and send a wire in the amount of funds equal to the number of renewing Members for its Chapter along with a list of the renewing Members. After 1 July, the following applies:
- a) EO will consider Members Elumni who have not renewed by the start of the new fiscal year in the EO online system. They may continue their membership in good standing by renewing with a late fee of US\$400, by 31 August. Starting 1 September, they may rejoin only with the approval of their chapter and by paying half of the initiation fee.
 - b) In those cases where the Chapter causes a late wire remittance instead of the Member causing the late payment, EO will assess the Chapter a decreased discount off wires.

2.1.9 Requalification Process: Members of EO must continue to meet the membership criteria to remain a Member. There is an annual requalification process during the Renewal Campaign. The requalification process should be completed no later than 31 May to allow all Members to meet the renewal deadline. Ideally, notification to Chapter Members regarding requalification should be done by the Chapter no later than 30 April.

- a) EO requires every renewing Member to verify that they requalify as they complete the Renewal Form online through EOnetwork.org. The criteria for Membership are listed and the Member must check a box in lieu of their signature that they meet all criteria, or that they do not meet the criteria at that time. If they do not meet the criteria at that time, such Member is granted a grace period of twelve (12) months, and may still renew membership. Members who have been granted a grace period shall not apply to or serve in a leadership position whose term would extend past the grace period expiration date. This verification of requalification (or grace period) is stored in the Member's profile on EOnetwork.org.
- b) Upon request and with the prior approval of the authorized chapter, EO Members who have been Members in good standing and have met all membership requirements for at least five full years may request a waiver of the membership requirements for up to two additional one-year periods. This policy attempts to take into consideration the different business issues faced by more mature businesses and entrepreneurs while maintaining EO's focus on peers who are truly active successful entrepreneurs.
- c) It is expected that both the Chapter board and the Member's Forum moderator (if applicable) support such requests. The Chapter Membership officers should take responsibility for consulting directly with the entrepreneur requesting the waiver to ensure it is in the entrepreneur's and EO's best interest for them to remain in EO. Factors to consider would be the contribution of the requesting Member to other Members, the Chapter, and EO overall, and the entrepreneurial success they have had and may continue to have while a Member. Based on these factors, the Membership Chair would make a recommendation to the Chapter board. If the Chapter board approves the request, EO will then consider granting the extension.
- d) If a Chapter wants a more in-depth requalification process to take place for their membership, such process should occur at the local level prior to the commencement of the EO renewal campaign on 1 April. Local, in-depth requalification processes should provide notification to Members in April (for example, some Chapters have asked the Members to submit a signed letter from their accountant certifying the previous year's sales). The requirements cannot conflict or override with EO Global requalification guidelines. The notice is sent in April with commencement being completed by 31 May. EO can work with the Chapter to ensure the option to renew EO membership only goes to those Members the Chapter has requalified at the local level.

2.1.10 Dual Chapter Membership: Members may join more than one Chapter as long as both Chapters approve the Member and the Member pays dues to both Chapters in addition to Global dues, provided, however, that authorized Chapters may establish certain exceptions to the above requirement of dues payable to both Chapters for members of Regional Chapters who desire to participate in other authorized Chapter activities and benefits on a limited basis, and whose participation has been authorized and approved by the host Chapter. Members with dual Chapter membership may participate in a Forum in both Chapters, plus Chapter events and enjoy all other Chapter benefits, provided that they have paid full chapter dues to each Chapter in addition to their global membership

dues, and meet all individual chapter requirements. In no event shall any Member be permitted to participate in any Chapter Forum or other benefits of a Chapter of which they are not an authorized, approved member in good standing, or otherwise authorized and approved as a local Regional Chapter participant. By way of example, a Regional Chapter member may not participate in any other Chapter's Forum or benefits prior to having received authorization from both the Regional Chapter and relevant second chapter and having paid all relevant global dues and any applicable Chapter dues. All Members must select a "primary" Chapter to be listed in EOnetwork.org.

2.1.11 Transferring Chapters: In the event that a Member wishes to be transferred from one Chapter to another, the new Chapter must approve the transfer, collect the corresponding local dues and notify EO Global before the Member is registered in the EOnetwork.org directory under the new Chapter. Local dues payment arrangements should be handled directly between the two Chapters.

2.1.12 Sabbaticals: There is no such thing as a sabbatical from EO. If a Member does not renew its membership, it ceases to be a Member and becomes an Elumni. An Elumni cannot participate in Forum or any other Member activity or benefit.

2.1.13 Rejoining Members: Once the renewal deadline expires, Members that did not renew become Elumni. If an Elumni wishes to rejoin EO, the authorized chapter must approve such rejoining and the Elumni must pay the corresponding EO dues and fees as follows:

- a) Returning to EO after less than a year, Elumni pays half of the initiation fee set by Organization to rejoin EO and is treated as a late renewal.
- b) Returning to EO after more than a year, Elumni pays half of the initiation fee set by Organization to rejoin EO unless Elumni wishes to receive Forum training, in which case Elumni pays dues and fees as any new Member.
- c) Acceptance of EO's Bylaws, Policies and Procedures and Code of Conduct: All members, without exclusion, must sign and agree to comply with the Organization's Bylaws, Policies and Procedures and Code of Conduct.
- d) New Members: All new members shall sign and agree to the governing documents (Bylaws, Policies and Procedures, and Code of Conduct) during registration. If the new members do not agree, then their membership will not be approved and they will not have access to the website.
- e) Online Membership Renewal: All renewing members shall electronically sign and agree to comply with the documents at the time of renewal. Failure to comply will result in membership not being renewed.

2.2 EO FORUM PLACEMENT GUIDELINES

2.2.1 Guideline: Chapters are encouraged to place Members into Forums to maintain peer engagement.

2.2.2 Purpose: The purpose of this guideline is to extend the life of member Forums and enhance the Forum experience by providing continuing peer engagement throughout an EOer's active membership.

2.2.3 Our Priority: Our top priority is to maintain peer engagement by delivering rich opportunities for peer- to peer learning to our Members. This is our core value proposition and we must

protect and nurture this above all else. We deliver engagement through creating Forums where Members share similarities in their age and stage of business but the group overall is free of business and personal conflicts.

2.2.4 Recommendations:

- a) Chapters are encouraged to place Members into Forums with stage of business and Member age as the primary considerations to indicate peer engagement.
- b) The distinction between YEO Forums and WEO Forums is no longer mandated. Chapters may opt to continue with these designations in maintaining Forums of appropriate peer engagement.
- c) Forums should be comprised of Members that fall primarily within a 4-6 year age range.
- d) Chapter boards should play an active role in Forum composition. Setting up or allowing Forums with wide age spans has created problems for many Forums as Members no longer perceive themselves as peers but are uncomfortable sharing that fact in the group.
- e) Chapter boards should also support Forum placement by addressing in its bylaws those Forums who turn down peer-appropriate Members on a basis outside of a business or personal conflict. Forums engaging in selective recruitment can impede effective placement of new Members, which can negatively impact their EO experience.
- f) Chapter boards should measure Forum health for all Forums using a variety of measurement tools available from the global Forum staff. Signs of unhappiness in Forum, among other things, may indicate problems with peer engagement.

2.3 **GUIDELINES TO ENSURE LEGAL PROTECTIONS TO FORUM CONFIDENTIALITY**

The purpose and power of Forum is to provide a confidential environment for the discussion of business and personal issues. Many legal jurisdictions offer protections to certain types of confidential communications. Due to the large number and variety of jurisdictions of our Forums, EO cannot offer any specific guidelines or opinions as to whether a given court will uphold any particular confidentiality. Therefore, we encourage Forums to consult with qualified legal counsel in their specific jurisdiction for advice and recommendations to ensure the legal protections of Forum confidentiality.

2.3.1 Forum Confidentiality and the Law

- a) As a Member of an EO Forum, you are expected to maintain Forum confidentiality within the boundaries of the law of the jurisdiction in which your Forum meets.
- b) Each Forum is encouraged to consult with qualified legal counsel in your specific jurisdiction for advice and recommendations to ensure the legal protections of your Forum confidentiality.
- c) It is recommended that the following guideline be included in each Forum's Constitution: "If at any time a Forum Member is concerned about the legal implications of Forum communications that Member will ask to stop the conversation or meeting and express the confidentiality concern. The parties involved will postpone

the matter under discussion until they are satisfied with their understanding of the legal implications of confidential discussions in that legal jurisdiction."

2.4 EO SPOUSAL/LIFE PARTNER/ADULT CHILDREN MEMBERSHIP BENEFIT, MYEO AND FORUM PARTICIPATION POLICY

2.4.1 EO recognizes the importance and value to a Member if their Spouse/Life Partner/Adult Children (as defined in Section 2.4.2) participate(s), as applicable, in EO activities, including, without limitation, MyEO (as defined in Section 11) Events and Groups (as defined in Sections 11.3 and 11.4, respectively) and Spousal/Life Partner/Adult Children Forums ("SLP Participation"). SLP Participation shall confer neither membership in EO nor any EO membership benefits to any non-member and shall in no way be deemed to conflict with the personal quality of EO membership set forth in Section 2.1 above. SLP Participation is an EO Member exclusive benefit offered by EO to its Members. The SLP Participation benefit allows EO Members to permit their Spouse(s)/Life Partner(s)/Adult Children to participate in specific, limited, clearly defined EO activities. SLP Participation is permitted by EO in its sole discretion, and EO may, in its sole discretion, and without any liability, cease offering the SLP Participation benefit at any time. In order to balance the objectives of Spousal/Life Partner/Adult Children participation with the practical realities of such benefits inuring to the Member's interests, the following rules shall apply to SLP Participation in MyEO, Forum, and other EO activities.

2.4.2 A "Spouse/Life Partner" shall be defined as a life partner of a Member in a relationship with clear intentions of permanence. Spousal/Life Partner status may be attained by: a) legal marriage; or b) Member request for such recognition and approval by the Chapter (which shall not be unreasonably withheld).

"Adult Children" shall be defined as any child of an EO Member, whether biological or adopted, between the ages of 18-24. Member children 25 years or older must apply for their own EO memberships.

2.4.3 Subject to Section 2.4.4, Spouses/Life Partners/Adult Children may enjoy the full privileges extended to an EO Spouse/Life Partner or Adult Child, as the case may be, under the Member's current status (including social events, learning events, ad forum) as regulated under the policies and budget guidelines established by EO and authorized chapters.

2.4.4 Spousal/Life Partner/Adult Child participation is dependent on and determined solely by the Member's status and election.

a) Spouses/Life Partners/Adult Children are not Members of EO on account of their participation in the sponsoring Member's benefits, and no access to any EO activities or otherwise shall be provided until the Member elects to register the Spouse/Life Partner/Adult Child with EO. Upon a Member's registering of their Spouse/Life Partner/Adult Child, the Spouse/Life Partner/Adult Child shall be sent a digital copy of the EO P&P for their review, acknowledgement, and acceptance by means of electronic signature.

b) Spouses/Life Partner/Adult Children shall have no privileges to participate in any EO benefits, Events and Groups, social events, Forums, or otherwise until they have reviewed, acknowledged, and accepted EO's P&P in a writing signed by the Spouse/Life Partner/Adult Child to be returned to EO for its records.

c) Spouses/Life Partners/Adult Children shall not have any independent rights to participate in EO activities.

- d) Spouses/Life Partners shall be provided with limited access credentials to EONetwork.org that provide access limited to the following areas: Forum menus and sub menus; MyEO page and sub menus; EO Spouse/Life Partner directory in the sub menu directory; Each Spouse's/Life Partners own profile; News and Press page; Spouse/Life Partner page under the programs menu;
- e) Alcohol shall not be served at any MyEO Event with Adult Children under the local legal drinking age in attendance.

2.4.5 Spousal/Life Partner/Adult Children participation in EO benefits may be terminated under any of the following circumstances:

- a) Except as provided below, when the Member's rights or participation in EO ends, so do the privileges of that Member's Spouse/Life Partner/Adult Children.
- b) The Member has made a clear statement to the Chapter of the termination of the Member's relationship with the Spouse/Life Partner/Adult Children, including, without limitation, legal separation or impending divorce, at which time the Spouse's/Life Partner's/Adult Children's participation in Events and Groups, EO Member benefits, EO social events, Forum(s), or a Chapter's social and learning events shall cease immediately.
- c) Upon the death or in the event of a disability resulting in termination of membership, while the Member is in good standing, Spousal/Life Partner/Adult Children participation in a Spousal/Life Partner/Adult Children Forum shall cease within thirty (30) days following the Member's termination of membership, unless a specific exemption is sought and approved by both EO and the Chapter, and the Spouse's/Life Partner's/Adult Children's participation in Events and Groups, EO Member benefits, EO social events, or a Chapter's social and learning events shall cease immediately.
- d) Violation of any EO P&P by the Spouse/Life Partner/Adult Children, which action would have resulted in the termination of a Member pursuant to the EO P&P if such Member had engaged in the same activity.
- e) At any time for any reason in EO's sole discretion.
- f) Under each of the foregoing circumstances set forth in subsections (a)-(c) above, the Chapter shall involve the moderator of the affected Spousal/Life Partner/Adult Children Forum, or such designee from within that Spousal/Life Partner/Adult Children Forum as may be appropriate, to facilitate the enforcement of these guidelines and the transition of the Spouse/Life Partner/Adult Children out of Forum and Chapter participation.

2.4.6 Termination of Privileges

- a) By EO. Subject to the procedures set forth below, when a Spouse/Life Partner/Adult Child is deemed ineligible by EO Governance for participation in Events or Groups, such access shall terminate immediately. Such ineligible Spouse/Life Partner/Adult Child may request a thirty (30) day grace period prior to suspension of such access. Such 30 day grace period may be approved in the sole discretion of the EO Global Staff. If the Spouse's/Life Partner's/Adult Child's privileges are terminated for cause by EO, no grace period shall be permitted. With respect to this section 2.4.7 a) for cause shall mean:

- i. The commission of a felony or other crime involving moral turpitude or the commission of any other act or omission involving dishonesty, disloyalty, fraud or breach of fiduciary duty;
 - ii. Gross negligence in relation to any of EO's P&P or the applicable Chapter's policies and procedures;
 - iii. Willful or intentional misconduct in relation to any of the EO's P&P or the applicable chapter's policies and procedures;
 - iv. A material violation in relation to any of EO's P&Ps or the applicable chapter's policies and procedures; or
 - v. Misuse of assets of EO or of any Chapter for personal profit.
- b) If a forum participant is deemed ineligible for participation by EO Governance, the Forum Chair shall brief the moderator on the acceptable process for terminating such participant's access and the timeline in which the Spouse/Life Partner's access should be suspended. If the Forum fails to remove an ineligible Spouse/Life Partner/Adult Child from participating in the Forum in accordance with the designated time frames, the Forum may be subject to loss of its EO accreditation and privileges.
- c) Termination of Privileges by Associated Member. Subject to the procedures set forth below, a Member may terminate his or her Spouse's/Life Partner's/ Adult Child's EO participation privileges at any time by providing notice EO global staff, EO's Technology Department, and the applicable Chapter. Such termination shall be effective immediately. A Spouse/Life Partner/Adult Child has no privileges or rights in EO except those authorized by the associated Member and EO Global when contemplating this document from time to time or as circumstances may warrant.
- d) Termination for Unauthorized Use of EO IP. Unauthorized use of EO IP (as defined below) may result in the immediate termination of any SLP Participation benefits as well as the immediate suspension or termination of a Member's membership in EO. *any event or group registered and approved through MyEO has Authorized Use of EO IP.

2.5 ANTI-HARASSMENT, ANTI-RETALIATION AND NON-DISCRIMINATION POLICY

The Entrepreneurs' Organization (EO) is committed to maintaining a professional and social environment for all of its Members that is professional, fair, respectful, and responsible. The integrity of our organization and the respect by and among our Members are paramount to our long-term success. Discrimination and harassment subvert our goals and offends the integrity of our organization. Accordingly, this policy applies to all EO Members.

EO's commitment to this policy is embodied in the Bylaws, which specify that there shall be no such discrimination in the selection of Members and any activity sponsored by EO as it relates to the admission and participation. EO promotes diversity of nationalities, cultures and experiences in its Member leaders in order to adequately represent the interest of its diverse global membership.

EO prohibits and does not tolerate discrimination or harassment of or against its Members, Member Leaders, prospective Members, interns, volunteers, staff or employees, or any third party on the basis of race, color, creed, religion, national origin, ancestry, citizenship status, age, sex or gender (including pregnancy, childbirth and related medical conditions), gender identity or gender expression (including transgender status), sexual orientation, marital status, military service

and veteran status, physical or mental disability, genetic information, or any other characteristic protected by applicable federal, state, national, or local laws and ordinances (referred to as "protected characteristics") in the jurisdiction in which the Chapter operates. EO also prohibits retaliation as defined below.

EO is committed to holding Chapter sponsored meetings, events, programs, social functions, communications, and interactions that are free of discrimination, harassment and retaliation/victimization. These behaviors are unacceptable regardless of whether the conduct is engaged in by a Chapter Member, prospective Member, or Member's guest. In addition to being a violation of this policy, discrimination, harassment or retaliation or victimization based on any protected characteristic pursuant to applicable federal, state, national, or local laws and ordinances may be unlawful in some jurisdictions. For example, sexual harassment and retaliation against an individual because the individual filed a complaint of sexual harassment or because an individual aided, assisted or testified in an investigation or proceeding involving a complaint of sexual harassment may be unlawful in some jurisdictions.

2.5.1 Discrimination Defined. Discrimination under this policy means treating differently, or denying or granting a benefit to an individual because of the individual's protected characteristic.

2.5.2 Harassment Defined. Harassment generally is defined in this policy as unwelcome verbal, visual or physical conduct that denigrates or shows hostility or aversion towards an individual because of any protected characteristic when:

- a) Submission to that conduct is made either explicitly or implicitly a term or condition of an individual's Membership; or
- b) Submission to or rejection of the conduct by an individual is used as the basis for Membership decisions affecting the individual; or
- c) The conduct has the purpose or effect of unreasonably interfering with an individual's ability to participate as a Member or creating an intimidating, hostile, or offensive environment.

Harassment can be verbal (including slurs, jokes, insults, epithets, gestures or teasing), visual (including offensive posters, symbols, cartoons, drawings, computer displays, text messages, instant messages, social media posts/comments or e-mails) or physical conduct (including physically threatening another, blocking someone's way, etc.). Such conduct violates this policy, even if it is not unlawful. Members are expected to behave at all times in a manner consistent with the intended purpose of this policy.

2.5.3 Sexual Harassment Defined. Sexual harassment can include all of the above actions, as well as other unwelcome conduct, such as unwelcome or unsolicited sexual advances, requests for sexual favors, conversations regarding sexual activities and other verbal or physical conduct of a sexual nature when:

- a) The conduct or advances or requests have the purpose or effect of unreasonably interfering with an individual's ability to participate as a member or creating an intimidating, hostile, or offensive environment; or
- b) Submission to that conduct or those advances or requests is made either explicitly or implicitly a term or condition of an individual's Membership; or
- c) Submission to or rejection of the conduct or advances or requests by an individual is

used as the basis for Membership decisions affecting the individual.

Examples of conduct that violates this policy include:

- unwelcome sexual advances, flirtations, advances, leering, whistling, touching, pinching, assault, blocking normal movement, stalking, harassing photography or recording
- requests for sexual favors or demands for sexual favors in exchange for favorable treatment
- obscene, sexual, or vulgar gestures, posters, or comments
- sexual jokes, questions, or comments about a person's body, sexual prowess, sexual desires, sexual history, sexual preferences, or sexual deficiencies
- propositions, or suggestive or insulting comments of a sexual nature
- derogatory cartoons, posters, magazines, and drawings
- sexually-explicit e-mails, videos, text messages, instant messages, social media posts/comments, or voicemails
- uninvited touching of a sexual nature
- unwelcome sexually-related comments
- conversation about one's own or someone else's sex life
- conduct or comments consistently targeted at only one gender, even if the content is not sexual
- teasing or other conduct directed toward a person because of the person's gender

These policies are not limited to harassment at Chapter sponsored activities, but extend to social media, personal interactions, and other interactions between Members if the persons are interacting under the auspices of EO or through use of status as an EO Member. In addition, to the extent Members' family members, friends, business associates, prospective Members, or other guests attend Chapter sponsored-activities, Members are responsible for ensuring that they comply with this policy as well.

2.5.4 Retaliation Defined. Retaliation (or victimization as it is known in some countries) means adverse conduct taken because an individual reported an actual or perceived violation of this policy, opposed practices prohibited by this policy, or participated in the reporting and investigation process described below. "Adverse conduct" includes but is not limited to: any action that would discourage a Member from reporting discrimination, harassment or retaliation; shunning and avoiding an individual who reports discrimination, harassment or retaliation; express or implied threats or intimidation intended to prevent an individual from reporting discrimination, harassment or retaliation; and denying Membership benefits because a Member or prospective Member reported discrimination, harassment or retaliation or participated in the reporting and investigation process described below.

2.5.5 Reporting Procedures. The following steps have been put into place to ensure the Members are respectful, professional, and act in a manner that is free of discrimination, harassment and retaliation. If a Member believes someone has violated this policy, the Member should promptly bring the matter to the immediate attention of Chapter President or Regional Governance Director. Written complaints can be submitted internally using the form provided with this policy. The Chapter President must report all such complaints to the Regional Governance Director, unless the complaint is about the Regional Governance Director in which case the Chapter President should report it to the

Chair of the Governance Committee or VP of Governance.

If the Member making a complaint under this policy and has not received a satisfactory response within five (5) business days, the Member should contact the Regional Governance Director or the Chair of the Governance Committee immediately.

Members who become aware of conduct in violation of this policy should report the issues raised or conduct to the Chair of the Governance Committee.

- 2.5.6 Investigation Procedures. Upon receiving a complaint, the Chapter will conduct a fair and thorough investigation into the facts and circumstances of any claim of a violation of this policy with the goal of ensuring fairness for all parties. There are two exceptions where the investigation should be immediately referred to the Chair of the Governance Committee: 1) Concerns that reach across Chapters or members from disparate geographical regions or 2) discrimination, retaliation, or Sexual or other Harassment concerns. For all other investigations and to the extent practicable and consistent with applicable law, the Investigator will endeavor to keep the reporting Member's concerns confidential. However, complete confidentiality may not be possible in all circumstances. Members are expected to cooperate in all investigations conducted pursuant to this policy. Failure to cooperate may result in corrective action as defined below.

During the investigation, the Investigator generally will interview the complainant and the accused, conduct further interviews as necessary and review any relevant documents or other information. The membership of any Member accused of conduct in violation of this policy may be temporarily suspended from membership status pending the investigation. Upon completion of the investigation, the Investigator will determine whether this policy has been violated based upon its reasonable evaluation of the information gathered during the investigation. The Investigator will typically inform the complainant and the accused of the results of the investigation.

The EO Governance Committee, the EO Board of Directors, or in some cases, the Chapter, will recommend corrective measures against any person who it finds to have engaged in conduct in violation of this policy, if the Governance Committee, EO Board of Directors and, in some cases, the Chapter, in their sole discretion determines such measures are necessary. These measures may include, but are not limited to, terminating Membership, suspending Membership, placing a Member on probationary status, and mandating sensitivity, harassment and/or discrimination or other training as a condition of continued membership.

Remember, we cannot remedy claimed discrimination, harassment or retaliation/victimization unless you bring these claims to the attention of the Chapter or EO. Please report any conduct which you believe violates this policy. Together, we will work to ensure that EO functions provide a respectful and professional environment for all Members.

- 3.4.1 If a Member or EO Chapter or Global Staff believes someone has violated this policy, the Member or Staff should promptly bring the matter to the immediate attention of Chapter President or Regional Governance Director. The Chapter President must report all such complaints to the Regional Governance Director, unless the complaint is about the Regional Governance Director in which case the Chapter President should report it to the Chair of the Governance Committee or VP of Governance at the staff level.

3.5 INVESTIGATING PROCEDURES

- 3.5.1 Upon receiving a complaint, the Chapter will conduct a fair and thorough investigation (See Internal Investigation Guidelines Memorandum) into the facts and circumstances of any claim of a violation of this policy, with the goal of ensuring fairness for all parties. There are two exceptions where the investigation should be immediately referred

to the Chair of the Governance Committee: 1) Concerns that reach across Chapters or members from disparate geographical regions or 2) Discrimination, retaliation, or sexual or other Harassment concerns. For all other investigations and to the extent practicable, the Chapter will endeavor to keep the reporting Member's concerns confidential. However, complete confidentiality may not be possible in all circumstances. Members are expected to cooperate in all investigations conducted pursuant to this policy. Failure to cooperate may result in corrective action as defined below.

During the investigation, the Chapter generally will interview the complainant and the accused, conduct further interviews as necessary and review any relevant documents or other information. The membership of any Member accused of conduct in violation of this policy may be temporarily suspended from membership status pending the investigation. Member dues are not refundable.

5.3 ARREARS

The Board shall make such rules and procedures at its own discretion, as necessary to monitor and enforce the payment of dues and fees, including sanctions against a Member who fails to pay any dues or fees properly due and payable to EO (including, without limitation, a Region, Chapter or Forum Group). Such sanctions may include the suspension and/or expulsion of the Member in arrears of the payment of such dues and fees.

5.4 SUSPENSION OR EXPULSION

6.0 LEADERSHIP

Every Member has the opportunity to get involved in leading EO. The Path of Leadership in the EO structure has many levels and opportunities for Members to get involved and further engaged. In general, the structure levels are divided as 1) Chapter Leadership, 2) Regional Leadership, or 3) Global Leadership.

Appendix A provides Procedures for Global Leadership. Appendix B provides the Procedures for Global Board Elections. These procedures are subject to change and Members must work with their Chapters to obtain current information.

6.1 CHAPTER LEADERSHIP: THE CHAPTER BOARD

Members can lead at the Chapter level by being Forum Moderator, serving as a day chair for a Chapter learning event or sitting as a chair on the Chapter board. The most common positions on a Chapter board, however, are Chapter President, Learning Chair, Membership Chair, Member Integration Chair, Forum Chair, Communications Chair, Finance Chair, and Strategic Alliance Chair. This variety allows Members of differing backgrounds and expertise to participate and bring greater value to the Chapter and their personal experience.

Pre-requisites: The board election process varies from Chapter to Chapter, as do the officer positions.

6.2 REGIONAL LEADERSHIP: THE REGIONAL COUNCIL

Members can lead at a Regional level by serving as a Director on the Regional Council. The Regional Council is the governing body of each EO Region and is composed of up to 10 Directors, unless the Board authorizes otherwise. The following compose the Regional Council:

6.2.1 Regional Chair (RC): The Regional Chair is responsible for Chapter development at a Global level. The Regional Chair leads the Area Director teams to help their Chapters design and implement positive strategic change. Regional Chairs are responsible for the development of the regional business plans and execution.

Pre-requisites: Ideally, to be considered for a Regional Chair, a Member must have been a part of the Regional Council within the last two years and have served as a Chapter President.

6.2.2 Area Director (AD): The Area Director is the key senior level and strategic resource for assisting Chapter growth and health. Through access to an authorized chapter, they are essential in communicating vital information between Members and the Global Board. The Regional Council may assign some Directors under one or more Area Directors to focus their efforts in particular areas.

Pre-requisites: Ideally, to be considered for an Area Director, a Member must have served on a Chapter Board and specifically served as Chapter President within the last two years.

6.2.3 Regional Finance Director (RFD): The Regional Finance Director is the key strategic resource to establish financial controls and manage the regional budget. The Regional Finance Director will serve on a sub-committee of the Standing Finance Committee.

Pre-requisites: Ideally, a Member should have served as a Chapter Board Finance Chair or Chapter President within the last two years.

6.2.4 Governance Director (GD): The Governance Director is the key strategic resource to guide the Region and Chapters in relation to EO Charter Documents and Chapter Bylaws. They take preventive steps to resolve conflict prior to escalating the matter to the Governance Committee. The GD must serve simultaneously on the Standing Governance Committee.

Pre-requisites: Ideally, a Member should have served as Chapter President within the last two years.

6.2.5 Growth Director: The Growth Director implements regional growth strategies that are aligned with the region's annual execution plan and the organization's six strategic priorities.

Pre-requisites: Ideally, to be considered for Growth Director, a Member must have either served as a Regional Council member, a member of the Global Membership Committee or one of its subcommittees or served as an Expert and attended a GLC track as a chapter officer.

6.2.6 Member Experience Director (MED): The Member Experience Director implements strategies to enhance the EO experience for members, prospective members and other stakeholders in the entrepreneurial ecosystem that are aligned with the region's annual execution plan and the organization's strategic priorities.

Pre-requisites: Ideally, to be considered for the Member Experience Director, a member should have been an Expert and attended GLC tracks as a chapter officer or served as a member of the GCC and EEC member or subcommittee member.

6.2.7 Member Products Director: The Member Products Director supports and oversees Learning, Forum, MyEO, Events, Leadership, and Membership products.

Pre-requisites: Ideally, to be considered for Member Products Director, a member should have been an Expert and attended a GLC track as a chapter officer or served as a Regional Council member.

6.2.8 Ad-Hoc Director

6.2.9 Other Regional Council Director Positions: The Regional Council may create other Director positions and place them under the Regional Chair or one or more of its Areas. To do so, it must secure approval and budget from the corresponding Ad Hoc Committee Chair or if the position has no direct relation with any Committee, then Global Board Approval is required.

Pre-requisites: The criteria to be considered for one of these positions will vary according to the Committee or Regional Council, but typically a Member should have served in the respective authorized chapter chair or related program position within the last two years.

6.3 GLOBAL LEADERSHIP: COMMITTEES AND TASK FORCES

The Global Board welcomes and appoints member volunteers to lead at a global level by serving on committees and taskforces. Members can lead at a Global level by serving as Chair of a Global Event or University, serving as Chair or Member of a Committee or serving as a Director on the EO Global Board.

6.3.1 University Chair: An EO University Chair helps plan and produce a University with assigned

global staff and also serves as on-site host.

Pre-requisites: To be considered for University Chair previous officer experience is not necessarily required, but the Member must have attended at least one University.

6.4 GLOBAL LEADERSHIP: THE GLOBAL BOARD OF DIRECTORS

The Board manages the business and affairs of the organization. The Board will be comprised of nine (9) three (3) year term directors (including the Chair, the Chair-Elect, and the Chair-Elect-Elect), in accordance with the Bylaws; provided, however that the Board shall have the power to appoint an additional three (3) directors who shall serve for two (2) year terms, and whose terms the Board, in its discretion, may further extend by one (1) year. The Chief Executive Officer shall be an ex officio member of the Board. Though the terms of the Board positions may vary, each member on this directing body is critical to setting and meeting the strategic goals of the organization as they work toward the organization's vision to build the world's most influential community of entrepreneurs. Only by using their various skills and diligently implementing the EO mission can the Board members be successful.

Pre-requisites: EO Global Voting Board Members are selected through an application process that is only open to those Members who have proven their dedication to the organization through years of service on the EO Path to Leadership. Ideally, to be considered for a Director of the Global Board, the Member must be the current Chair of a Committee or Subcommittee, any Regional Council Member, or Chapter President.

10.1 POLICY

This policy sets forth the minimum standards it takes to be considered a Chapter by EO. To create an authorized chapter, a minimum of sixteen (16) new Members are needed with local dues set at no less than US\$1,000. New Members may be required to complete an Income Verification Form as part of the application process; dues will be prorated monthly and collected upon joining. The Global Board will give the final approval of the formation of a new authorized chapter upon receiving a signed Chapter launch application and Chapter agreement from the champion/Chapter president as stated in the Chapter launch process. Once approved, these sixteen (16) Members need to be able to form three operational Forums within twelve (12) months. To be considered an operational Forum, the group must consist of no less than six (6) Members with non-competing businesses. The “founding” Members are deemed to be the initial executives of the authorized chapter. At this time, the authorized chapter should determine who will fulfill the local officer roles for the President, Membership Chair, Forum Chair and Learning Chair, and such other positions as may be required. This information should be communicated promptly to EO.

The new Chapter has a period of 18 months to achieve the metrics outlined in the “Chapter Formation and Minimum Standards Checklist” and be considered a Chapter in good standing. The phases leading up to a Chapter launch and requirements for initiating it are outlined in the EO Chapter Launch Process.

10.2 AUTHORIZED CHAPTER BOARD

The authorized chapter Board should be composed of the following Chairs:

Generally, EO prohibits any Solicitation by a Member to another Member or to a strategic alliance, partner or sponsor of EO or a Chapter except as provided in this Solicitation Policy. Any Member that desires to solicit in connection with a natural disaster or an act of God for the sole purpose of soliciting donations or in-kind assistance must do so by applying for an exemption with the Member's Chapter. The Chapter will forward the application to EO where the Board of Directors will endeavor, without any obligation whatsoever, to approve or reject the application within fourteen (14) days of receipt of the application from a Chapter.

13.6 MARKETPLACE

EO or any of its Chapters may create a Marketplace without violating this Solicitation Policy. The exemption provided by this Solicitation Policy in relation to a Marketplace is limited to any interaction, activity or Solicitation that occurs within the confines of a Marketplace. Any Member that opts to join a Marketplace agrees by doing so to accept Solicitation from another Member or a Sponsor at the Member's sole risk. This Solicitation Policy remains in full force and effect in regards to any interaction, activity or Solicitation outside a Marketplace. A violation by a Member of any rule or policy associated with a Marketplace constitutes a violation of this Solicitation Policy.

15.0 WHISTLEBLOWER POLICY

15.1 GENERAL

The Entrepreneurs' Organization requires directors, officers, employees and Member volunteers to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As representatives of the Entrepreneurs' Organization, we must practice honesty and integrity in fulfilling our responsibilities and comply with all applicable laws and regulations.

15.2 REPORTING RESPONSIBILITY

It is the responsibility of all directors, officers, employees and Member Volunteers to report ethics violations or suspected violations in accordance with this Whistleblower Policy.

15.3 NO RETALIATION

No director, officer, employee or Member Volunteer who in good faith reports an ethics violation shall suffer harassment, retaliation or adverse consequence. An employee who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment. A Member who retaliates against someone who has reported a violation in good faith is subject to sanctions up to and including termination of membership. This Whistleblower Policy is intended to encourage and enable Members, employees and others to raise serious concerns within The Entrepreneurs' Organization prior to pursuing resolution outside The Entrepreneurs' Organization.

15.4 REPORTING VIOLATIONS

The Entrepreneurs' Organization has an open door policy and suggests that directors, officers, employees or Member Volunteers share their questions, concerns, suggestions or complaints with someone who can address them properly. In most cases, the Chief Executive Officer is in the best position to address an area of concern. In some cases, the Chairperson of the Board of Directors is in the best position to address an area of concern. For employees, an employee's supervisor may be in the best position to address an area of concern. However, if you are not comfortable speaking with any of these designated people, or if you are not satisfied with their response, The Entrepreneurs' Organization encourages you to speak with anyone in management. Directors, Officers, Supervisors and management are all required to report suspected ethics violations to the Chief Executive Officer, Board Chair, Standing Finance Committee Chair or the Audit/Governance Committee Chair. These people have accepted responsibility to ensure an investigation of all reported violations. For suspected fraud, or when you are not satisfied or uncomfortable with The Entrepreneurs' Organization's open door policy, individuals should directly contact the Chief Executive Officer or Board Chair.

15.5 INVESTIGATIONS

The Entrepreneurs' Organization is responsible for investigating and resolving all reported complaints and allegations concerning violations. Those responsible for the investigation shall report directly to the Chief Executive Officer, Board Chair, Standing Finance Committee Chair and the Governance Committee Chair.

15.6 ACCOUNTING AND AUDITING MATTERS

The Standing Finance Committee shall address all reported concerns or complaints regarding corporate accounting practices, internal controls or auditing. The Chief Executive Officer shall immediately notify the Standing Finance Committee of any complaint and work with the Committee until complete resolution of the matter.

15.7 ACTING IN GOOD FAITH

Anyone filing a complaint concerning a violation or suspected violation must act in good faith and establish reasonable grounds for believing the information disclosed indicates a violation. The Entrepreneurs' Organization views unsubstantiated, malicious or knowingly false allegations as serious acts justifying discipline up to and including termination of employment for employees and for Members, sanctions up to and including termination of membership.

15.8 CONFIDENTIALITY

You may submit violations or suspected violations on a confidential basis. You may also anonymously submit violations or suspected violations. The Entrepreneurs' Organization will make every effort to keep confidential reports of violations or suspected violation to the extent possible, consistent with the need to conduct an adequate investigation.

15.9 HANDLING OF REPORTED VIOLATIONS

The Chief Executive Officer will notify the sender and acknowledge receipt of the reported violation or suspected violation within five business days. The Entrepreneurs' Organization will promptly investigate all reports and take appropriate corrective action if warranted by the investigation.

16.0 MEMBER VENDOR POLICY

At one time or another, almost all associations are faced with the question of whether to do business with their members. In the case of the Entrepreneurs' Organization, we have numerous members worldwide with great business products and services that may prove helpful to furthering the business operations of EO. Allowing our members to bid on EO business opens the door to some of the best vendors/suppliers in the world and it shows that EO further supports and believes in entrepreneurship.

On the other hand, associations doing business with their members face a potentially tricky issue, and if it is not handled well it can lead to difficulties for both the organization and the individual member. Traditionally, the main reasons why many associations do not do business with their members is because of the obvious potential for conflicts of interest, and the potential difficulties and embarrassment that would be attached to having to sever a business relationship with a member for non-performance/unsatisfactory performance.

In an effort to find a way to allow the option while at the same time creating a system that provides proper internal controls and strengthens the decision-making process, the following policies and procedures will be followed.

- 16.1 EO leadership or staff may purchase products or services from an EO member's company, provided it can be demonstrated that the delivery of the products/services are competitive with other vendors in the industry.
- 16.2 EO members should not expect to be given preferential treatment because of their member status. All bids will be subject to a "blind review" whereby the identity of the bidder is not known. Non-member companies will be included in the RFP process when appropriate.
- 16.3 Staff members are under no obligation to solicit bids and/or purchase products and services from member companies, although they may do so. And there is no obligation to "divide out business" among members who provide similar goods and services.
- 16.4 Written contracts or agreements must be utilized in the same way that they would be for a non-member company.
- 16.5 Orders placed for products or services and any amendments or adjustments thereto must be in writing.
- 16.6 Only EO staff can formally contract vendors - members or otherwise. Expression of interest from a member leader does not constitute an agreement to use goods/services from any vendor.
- 16.7 If an EO member is selected to be an EO vendor, he/she must select someone on their staff to be the primary contact for the EO relationship, just as they would for any other client, provided that is applicable/possible. This removes as much as possible reaching a point where staff is put in the uncomfortable position of having to "hound" members for information and/or performance we are owed simply because they are members. This situation can/has been extremely detrimental to our planning process and the end product. It also ensures that any member/vendor views and treats EO as they would any other client.
- 16.8 Of course, the existing guidelines for procurement also need to apply, including the

following:

- a) When services rendered or goods purchased from one vendor exceed more than US\$50,000 in a 12-month period, we will obtain three quotes from competitive vendors. Competitive bids are required regardless of the dollar amount when a vendor has billed US\$50,000 in the last twelve months.
- b) Authorization of the vendor selected requires signatures from at least two of the Staff Executive Team.
- c) When a verbal quote is obtained in lieu of a written estimate, the EO member or staff must submit the verbal quote in writing for review.
- d) Once a vendor has been selected, this vendor may be used for three years. However, if a vendor's charges increase more than 5% during a 12-month period, then three quotes from competitive vendors must again be obtained. (Note: if another member expresses interest in the business within the 3-year period, EO is not obligated to undergo another review, but may do so if desired. Otherwise it would create additional unnecessary work, and could potentially damage an excellent existing member vendor relationship).
- e) A copy of the quote selected should be filed with the competitive bids rejected and retained in the accounting department for a period of not less than two calendar years. These will be tracked by individual departments.
- f) In a case where it is not feasible or desirable to obtain competitive quotes for whatever circumstances, the member or staffer may forgo the purchasing policy by written authorization of the Chief Executive Officer.
- g) As a condition for a member to bid/contract with EO, the amount of the services rendered or goods purchased cannot be more than 20% of its annual income.

17.0 FUNDS AND RESERVES

Calculation of the Variable Operations Reserve is based upon 60 days of expenses, plus any recognized contingency risks, plus US\$125,000.00 per Region.
- b) Spending Criteria:
 - i. Any two officers of the company can authorize spending of up to US\$100,000.00 for use to cover operational emergencies. After the first US\$100,000.00 the board must approve additional spending with a simple majority.
 - ii. For use of regional reserves, two officers of the company plus the region's member leader Regional Chair, plus the member leader Regional Finance director are required to authorize spending.
 - iii. All use of Variable Operations reserves must be electronically notified to the Global Board within 48 hours.
- c) Replenishing:
 - i. Variable Operations Reserves drawn to cover Regional Council expenses will be replenished by deducting Regional Council budget allocation from

member dues revenue the following fiscal year.

- ii. Variable Operations Reserves drawn to cover global expenses will be replenished first with realized investment and interest income allocation. Any remaining shortfall will be replenished out of operating revenue the following fiscal year.

17.3 Long Term Reserves:

- a) Overview: This fund will be the balance of reserves to maintain long-term investments based on a Target Reserve below and will be held for the long-term health of EO. The Long Term Reserves will also function as funds similar to an endowment to generate investment and interest income for the organization while building a stronger balance sheet for long term organization health and interest income to fund the Innovation Fund described below.
- b) Spending Criteria:
 - i. Any spending or re-allocation from the Long Term Reserve less than US\$1,000,000 or 20% of the Long Term Reserve, whichever threshold is smaller, will require a two-thirds majority of the board.
 - ii. Any aggregate spending from Long Term Reserves in excess of US\$1,000,000 or 20% of the Long Term Reserves, whichever threshold is smaller, will require a two-thirds majority of the Global Board. Additionally, the spending proposal must be reviewed by the Governance Committee and Standing Finance Committee. The Governance Committee will evaluate the proposal based upon (i) whether or not the spend initiative complies with EO's By-Laws and Policies and Procedures, (ii) that all proper procedures were followed, (iii) that the risk to EO is minimal or acceptable, and (iv) there are no conflicts of interest. The finance committee will evaluate financial risks and implications to the organization. The findings and analysis of both the Governance Committee and Standing Finance Committee will be included as part of the official meeting minutes regarding the motion.
- c) Replenishing Investment Incoming Allocation:
 - i. If the reserve fund is at or above the target amount, then 40% of the prior years realized investment and interest income is allocated to the Long Term Reserves.
 - ii. If the reserve fund is below the target amount, then 70% of the prior year's realized investment and interest income is allocated to the Long-Term Reserves.
 - iii. Any budget surpluses generated from operations will automatically be allocated to the Long-Term Reserves at the end of the fiscal year, unless specified by the Global Board.
 - iv. Any initiation fee revenue allocated to reserves will be held in the Long-Term Reserves

17.4 Innovation Fund Reserve Component:

Overview: The Innovation Fund Component is designed to promote innovation within the Organization. The primary purpose of the Innovation Fund category is to stimulate development of new programs, services, products or processes that benefit members directly by providing funding for initiatives that might not otherwise get budgeted. Setting

aside an amount for innovation provides a mechanism to allow development of ideas that arise between budget cycles and shorten implementation time. The second purpose is to ensure that members receive a direct benefit from any realized investment and interest income generated in the prior fiscal year.

17.5 Spending Criteria:

- i. Innovation Fund projects under a cumulative US\$1,000,000 require only a simple board majority.
- ii. Innovation Fund projects spending over a cumulative US\$1,000,000 require a two-thirds board super majority.
- iii. If any Innovation Fund component spending on staff salaries and compensation is required for the execution of an Innovation Fund Project, the specific staff salary component allocation requires an additional a two-thirds board super majority. The duration of the staffing cost allocation cannot exceed 12-calendar months. Staffing costs allocated from of the annual staff compensation expense budget, either by re-allocation of time or new hires, does not require this additional super majority approval. Only the staffing components paid and allocated from the Innovation Fund require the additional super majority approval step. When possible, the CEO should utilize existing staff resources or short-term contractors for execution of Innovation Projects first before proposing additional staffing budget allocation from an Innovation Fund allocation.
- iv. Use of short-term contractors for a period of less than 12-calendar months are permitted and can be allocated from the Innovation Fund. Approval of Innovation Fund budget allocation for contractors does not require the two-thirds super majority provision referenced in 16.5(iii).
- v. Any multi-year spending initiatives must have an annual spending amount that is lower than the SFC's forecasted Innovation Fund investment income allocation. The amount committed will automatically be allocated from the Innovation fund for the applicable years following in initial authorization, but not to exceed 3 years.
- vi. Other non-board requests for Innovation Fund Spending may come in the following manner: The Standing Finance Committee may include a budget line titled 'Innovation Fund' in the annual Organization budget. New initiatives may be developed and proposed by either (1) an EO Board of Director, (2) a global committee, (3) the executive team, (4) a Regional Council, or (5) a chartered EO Chapter. Members not on a Board committee who want to submit a proposal should collaborate with the appropriate Board committee and management team personnel. Innovation Fund initiatives will typically benefit one or more of the Organization's strategic initiatives.
- vii. An Innovation Proposal Business Case (White Paper) is required for innovation requests.

17.6 Replenishment and Investment Income Allocation:

- i. If the general reserve is below target, then 30% of the prior year's investment income is allocated to the Innovation Fund. If the general reserve is above target, then 60% of the prior year's investment income is allocated to the innovation fund.

- ii. At the close of the fiscal year, the CFO and SFC will prepare the report of the total funds available and allocated to spend in the innovation fund for the new fiscal year. This amount is comprised of the new investment income allocation plus any previously accumulated sums in the Innovation Fund.

17.7 Restrictions: The Innovation Fund may not be used for the following expenses:

- i. Fixed operational overhead expenses.
- ii. Staffing compensation and expenses such as salaries or bonuses are generally prohibited unless approved with a board super majority as outlined in 16.5(iii)
- iii. Any use that only directly benefits members of the board, members of a single committee, or a single member leader, e.g. board travel, a board retreat, or a committee summit meeting.
- iv. Any multi-year spending authorization that exceeds 3 years.

17.8 Target General Reserve: The Target General Reserve is equal to the sum of the Variable Operations Reserve Component, the Long-Term Reserve Component, and the Innovation Fund Reserve component described above.

- a) **Minimum Reserve Balance** – The minimum reserve balance shall reflect the accumulated total of initiation fees allocated to Long Term Reserves. The minimum reserve balance will increase annually based upon the portion of initiation fees per new member the board allocates to Long Term reserves in a given year. For example, if the current minimum reserve balance was US\$1,000,000 and the board allocates US\$300 from every new member initiation fee be allocated to long term reserves with 1,000 new members that fiscal year, then the minimum reserve balance will increase by US\$300,000 to a new minimum reserve balance of US\$1,300,000.
- b) **Allowable Range** – Because investment gains/losses, economic downturns, and unexpected events can cause fluctuations in the balance of General Reserves, an allowable range is built into the Target General Reserve. The range provides a window of time in which reserves can be increased or decreased as required. The current allowable range is currently US\$7.5 million to US\$15 million plus the Minimum Reserve Balance. If the General Reserves fall outside the allowable range, the Finance Committee will develop an action plan for adjusting reserves within the allowable range. The action plan requires approval of the EO Board of Directors before it becomes effective.

17.9 Investment Policy of Reserve Assets: Please refer to the Standing Finance Committee Investment Policy Statement.

17.10 Restrictions on use of Interest and Investment Income: Realized investment income and interest income can only be allocated to the reserves as specified in the reserve replenishment and investment income allocation. Realized investment and interest income cannot be used to pay for general operational expenses.

- 2.3 The Member leader candidate goes to EOnetwork.org to get further information on the leadership position(s), downloads and fills out the application, a requalification form and an IP Agreement** which constitutes a completed application. The forms should be returned to the Committee Staff Liaison or Staff designee who will at the time of receipt: 1) Update the Member Volunteer Application Spreadsheet (housed on the EO Intranet) and 2) Send acknowledgement that a completed application was received noting the PoL selection and notification timeline.
- 2.4 Note: All candidates offered a Member leader position must complete the application process including submitting a completed application, NDA and interview.

- 2.5 The Committee identifies a selection team to review and select candidates headed up by the Committee Chair. EO Staff responsible for Path of Leadership shall ensure that all applications are complete (e.g. agreements are signed and requalification forms are completed) and all applicants are eligible before they are entered into the Selection Processes as stipulated in the following.

3.0 1 OCTOBER: COMMITTEE/TASK FORCE CHAIR APPLICATIONS DUE

- 3.1 The Committee/Task Force Chair, the Global Board Liaison and the Executive Team Liaison shall conduct interviews for the Committee/Task Force Chair-Elect positions after the application deadline (October 1) but before the November Global Board meeting. Before conducting the interviews, they shall review the candidate applications. Thereafter, they shall discuss the candidates with the Committee/Task Force before voting on the proposed candidates. For this vote only, the Executive Team Liaison and staff may vote. Thereafter, the Global Board Liaison and Committee/Task Force Chair shall notify the Global Board Chair-Elect of the vote results and any pertinent information regarding the results.

4.0 NOVEMBER BOARD MEETING (SELECTION OF SENIOR MEMBER LEADERS)

The Global Chair-Elect submits to the Global Board his or her list of proposed Committee/Task Force Chair-Elects. If a proposed Committee/Task Force Chair-Elect is different than the Committee's/Task Force's recommendation, this difference should be noted on the list submitted to the Global Board.

- 4.1 The Global Board shall discuss the Global Chair-Elect's recommendation for each Committee/Task Force position, with a review of the Committee's/Task Force's recommendations and thereafter vote on the Global Chair-Elect's recommendations. If the Global Board rejects any of the Global Chair-Elect's recommendations, the Board will decide on a replacement or send the question back to the Committee/Task Force for another recommendation using the same process.
- 4.2 After the Global Board considers and approves the final list of Committee/Task Force Chairs, the Global Board Liaison for the Committee/Task Force will notify the approved Committee/Task Force Chair-Elect at the conclusion of the November Global Board Meeting. The Committee/Task Force Chairs shall notify all unsuccessful Committee/Task Force Chair candidates. The Board Liaison informs the candidates for incoming Regional Chairs, Committee Chairs and Task Force Chairs of acceptance or not. The goal is to have all positions filled (e.g. accepted) and communication to unsuccessful candidates completed on site but no later within a week of the Board meeting. The Board Liaison will also communicate to the respective leaders the deadline for completing selection and notifications of remaining Committee, Task Force and Regional Council Director (D's) positions completed by the end of February.

After the November Board meeting, the incoming Board Liaison, Committee Chair-Elect and

Staff Liaison begin the selection process for Committee Members, which include Subcommittee Chairs and Regional Council Directors. The Task Force Chair and Members follow the same Committee Member selection process. Regional Chair-Elects are involved in the selection of Regional Council Directors. By the end of February, all open remaining leadership positions are targeted to be filled led by the Regional Chair-Elects & Committee Chair-Elects.

6.0 1 DECEMBER

Committee/Task Force Member applications are due including Subcommittee Chairs and Regional Council Directors:

- 6.1 Interviews are scheduled and conducted with results captured in a central database at least one interview per candidate. It must be verified during these interviews, that each candidate will be qualified until the end of the position's term. Additional interviews would be at the discretion of the Committee Chair-Elect.
- 6.2 Once interviews are complete, the appropriate CST assembles to review interview results and make selections of Subcommittee Chairs, Committee Members and Regional Council Directors. The Committee reviews the Regional Council Director slate selected per Region with each Regional Chair-Elect for agreement prior to target notification mid-December. Include appropriate leaders and staff in those communications (Region Staff Director, Committee Staff Liaison, and Committee Member Leaders responsible for selection). The Committee Chair-Elects are accountable to the Chair-Elect for making sure there is a successor for each Regional Council Director and Committee position.

7.0 DEADLINE FOR EXPERTS AND SUBCOMMITTEE MEMBERS: 15 JANUARY

- 7.1 The application deadline for Experts and Subcommittee Members is 15 January. Experts will be appointed by Regional Chairs (with collaboration from functional committees) and Subcommittee Members will be appointed by Committee Chairs. Prior to the appointment, each applicant will undergo a check by the Governance Committee to ensure there are no pending issues or conflicts and all proper documentation will be verified.

8.0 TARGET DATE TO COMPLETE POL PROCESS: 28 FEBRUARY

- 8.1 The goal is to complete the process and make notifications to successful candidates mid-February and to have confirmations of acceptance back by the target date of end of February.
- 8.2 The Committee Chair-Elect is accountable to the Global Board Chair-Elect for the succession for all positions other than the Chair. The current Committee Chair is accountable to the Chair-Elect for Committee Chair-Elect succession. The Chair-Elect owns the entire succession plan.
- 8.3 Committee Chair-Elect or designated Committee Member makes official phone calls to successful candidates to extend invitations or delegates this job to another appropriate Member Leader(s).
- 8.4 Once an invitation is accepted for a position, a well-crafted, generic email is sent by the Committee Staff Liaison or designee to unsuccessful candidates for that position to notify them of the selection decision. The Committee Chair-Elect can opt to inform unsuccessful candidates by phone. If the candidate has been selected for another position, the candidate is given the option in this same communication. Ideally, options to fill other Committee positions are offered to 90% of unsuccessful candidates.

- 8.5 By first week of March, Committees are to have notified everyone and either have filled all vacancies or are working diligently on any final hard-to-fill spots before the March Board Meeting.
